#### **DETAILED ACTION**

## **Priority**

An application in which the benefits of an earlier application are desired must contain a specific reference to the prior application(s) in the first sentence of the specification (37 CFR 1.78).

## Claim Objections

- 1. Claims 6-7 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim 5. See MPEP § 608.01(n). Accordingly, the claims 6-7 have not been further treated on the merits.
- 2. Claims 8-10 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim 7. See MPEP § 608.01(n). Accordingly, the claims 8-10 have not been further treated on the merits.
- 3. Claims 11-20 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim 10 See MPEP § 608.01(n). Accordingly, the claims 11-20 not been further treated on the merits.

## Claim Rejections - 35 USC § 112

- 4. The following is a quotation of the second paragraph of 35 U.S.C. 112:
  The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 5. Claim 21 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Application/Control Number: 09/622,249 Page 3

Art Unit: 3635

6. Claim 21 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is included or excluded by the claim language. This claim is an omnibus type claim.

## Claim Rejections - 35 USC § 102

7. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 8. Claims 1 and 5 are rejected under 35 U.S.C. 102(b) as being anticipated by Kobayashi.

Kobayashi teaches all the limitations of the above claims including a seat portion (B), backrest (A), at least one air-containing cushion (a') on the seat, at least one air-containing cushion on the backrest (a), a layer of compressible material (4) overlaying the cushions (a, a'), upholstery material covering (3) covering the compressible material, and a valve (1, 1') through which air is admitted.

## Claim Rejections - 35 USC § 103

- 9. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
  - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 10. Claims 2-4 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kobayashi.

Art Unit: 3635

Kobayashi teaches all the limitations of the above claims except specifically filling the bladders not greater than 50%, the range 15% to 30%, or the range 15% to 60%. Kobayashi teaches a pump (column 2, lines 19-23) activated by an operative device to fill the bladders with air to the desired fill of the operator. It would have been obvious for one skilled in the art at the time the invention was to fill the chamber within any range desired from 0% to 100% since it taught that one can operate the pump, thus filling the bladders is a matter of design choice of the operator.

#### Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dennis L Dorsey whose telephone number is 703-306-9137. The examiner can normally be reached on Tuesday-Friday 7:30am-6:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Friedman can be reached on 703-308-0839. The fax phone numbers for the organization where this application or proceeding is assigned are 703-305-3597 for regular communications and 703-3053597 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 703-308-

1020.
